

What has an end but no beginning?

By Melkisedeck Leon Shine · July 3, 2023

1000+ Riddles with Answers, Edited by Melkisedeck Leon Shine

The answer is "a doughnut"! ?

Explanation: A doughnut perfectly fits the description because it has an end (the delicious, sugary outer edge) but no beginning. You can munch on it all the way around without ever finding a true starting point. Just like a doughnut, this riddle is a delightful and tasty little conundrum to brighten up your day! ??
