

What has a neck but no head?

By Melkisedeck Leon Shine · July 3, 2023

1000+ Riddles with Answers, Edited by Melkisedeck Leon Shine

The answer is a ? violin! ?

Explanation: A violin has a neck but no head because it consists of a long neck that holds the strings, but it doesn't have a head like we do. So next time you see a violin, remember that it's a headless musician that still knows how to create beautiful melodies! ??
