A bone-appetit special: Spare ribs! ??

Explanation: When a skeleton orders dinner, it would naturally choose spare ribs because, well, it's made of bones! This play on words adds a humorous twist by combining the concept of a skeleton's food preference with the name of a popular dish. The skeleton's order for spare ribs perfectly matches its skeletal anatomy, making it a fun and amusing choice for dinner. The use of the ? emoji adds an extra touch of creativity and visual representation for the skeleton's preference.
