

Why can't skeletons play music?

By Melkisedeck Leon Shine · July 3, 2023

1000+ Best Jokes That You Will Find Absolutely Hilarious, By Melkisedeck Leon Shine · Funny Questions with answers, By Melkisedeck Leon Shine

Short Answer: Because they have no organs to rock out with! ??

Explanation: Skeletons are made up of bones and do not have any internal organs like a heart or lungs that are needed to produce sound. Without these organs, they are unable to play musical instruments or sing. Hence, they are the ultimate silent band members! ???
